## **Angel Craft and Healing** Marie Bruce

Marie Bruce blends the traditions of Angels with Witchcraft. She doesn't present the usual 'true life angelic intervention' so often provided by others writers. Here Angels are presented as the vibrant source of magickal powers and assistance that they can be. The book explains how Angels and Witches can work together to heal the mind, the body and the spirit, as well as how they can overcome problems and enhance any life. This is a very positive book. Readers will learn to cast an angelic circle, call angelic quarters and connect with their Guardian Angel. They will be introduced to the healing qualities that angels offer – restoring the balance in life and healing in a calm, gentle manner.
