The delicate splendour and fairytale beauty of Islamic art

The art which arose from the 7th century in the Islamic empires reached from Spain and Morocco to the borders of China. It bore the stamp above all of Arabs, Persians and Turks, but outstanding contributions also came from Egypt and India. "Islamic Art" presents prominent examples: **luxury ceramics, prayer mats, goldsmithery, as well as witnesses to the decorative arts and calligraphy** and above all the masterpieces of the **splendidly colourful courtly book illumination of Persia and the Mughal emperors of India**. The book examines the contributions of the different countries and how they influenced each other, and in this way vividly illustrates the unfolding of the delicate splendour and fairytale beauty of Islamic art from its beginnings into the modern era.
