And the answer is behind the wall of the Cave, aka Fenton Electronics, of which her father is the Director. Mia's dad has always been secretive about his work, allowing only that he's working for the government. But unless Mia's willing to let the whole town succumb to a strange illness that ages people years in a matter of hours, the end result death, she's got to break quarantine, escape the school grounds and outsmart armed soldiers to uncover the truth.
