In Detail

In this age, where online information is at its most vulnerable, knowing how to execute the same attacks that hackers use to break into your system or network helps you plug the loopholes before it's too late and can save you countless hours and money. Kali Linux is a Linux distribution designed for penetration testing and security auditing. It is the successor to BackTrack, the world's most popular penetration testing distribution.

Discover a variety of popular tools of penetration testing, such as information gathering, vulnerability identification, exploitation, privilege escalation, and covering your tracks.

Packed with practical recipes, this useful guide begins by covering the installation of Kali Linux and setting up a virtual environment to perform your tests. You will then learn how to eavesdrop and intercept traffic on wireless networks, bypass intrusion detection systems, and attack web applications, as well as checking for open ports, performing data forensics, and much more. The book follows the logical approach of a penetration test from start to finish with many screenshots and illustrations that help to explain each tool in detail. The Kali Linux Cookbook will serve as an excellent source of information for the security professional and novice alike!

Approach

A practical, cookbook style with numerous chapters and recipes explaining the penetration testing. The cookbook-style recipes allow you to go directly to your topic of interest if you are an expert using this book as a reference, or to follow topics throughout a chapter to gain in-depth knowledge if you are a beginner.

Who this book is for

This book is ideal for anyone who wants to get up to speed with Kali Linux. It would also be an ideal book to use as a reference for seasoned penetration testers.

From reader reviews:

Shanon Stephens:

Within other case, little people like to read book Kali Linux Cookbook. You can choose the best book if you like reading a book. Provided that we know about how is important a book Kali Linux Cookbook. You can add know-how and of course you can around the world by a book. Absolutely right, since from book you can recognize everything! From your country until foreign or abroad you will be known. About simple issue until wonderful thing you can know that. In this era, we can open a book or perhaps searching by internet unit. It is called e-book. You need to use it when you feel bored stiff to go to the library. Let's read.

Norman Duque:

In this 21st hundred years, people become competitive in every way. By being competitive now, people have do something to make these individuals survives, being in the middle of the crowded place and notice simply by surrounding. One thing that oftentimes many people have underestimated the item for a while is reading. Yes, by reading a guide your ability to survive raise then having chance to endure than other is high. For you personally who want to start reading a book, we give you this particular Kali Linux Cookbook book as beginning and daily reading reserve. Why, because this book is greater than just a book.

Paul Quintana:

Nowadays reading books are more than want or need but also turn into a life style. This reading addiction give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book that will improve your knowledge and information. The information you get based on what kind of publication you read, if you want have more knowledge just go with training books but if you want experience happy read one along with theme for entertaining for example comic or novel. The Kali Linux Cookbook is kind of guide which is giving the reader unstable experience.

Thelma Cobb:

Playing with family inside a park, coming to see the marine world or hanging out with close friends is thing that usually you may have done when you have spare time, after that why you don't try matter that really opposite from that. Just one activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Kali Linux Cookbook, you can enjoy both. It is great combination right, you still desire to miss it? What kind of hang-out type is it? Oh can happen its mind hangout guys. What? Still don't obtain it, oh come on its called reading friends.
