Creature Keepers and the Hijacked Hydro-Hide Peter Nelson

For kids who love the *Origami Yoda* and *Zombie Chasers* series comes the first book in an epicly hilarious, fully illustrated middle grade adventure series, starring some of history's best-known mythical beasts, from the dynamic creators of *Herbert's Wormhole*.

Twelve-year-old Jordan Grimsley has moved with his family into an old, abandoned house in Florida that belonged to his long-lost grandfather. While clearing stuff out of the attic, Jordan finds a scrapbook filled with old news clippings about local sightings of the mythological South Florida Skunk Ape. Determined to learn more, he persuades Eldon Pecone, the only other kid for miles, to come along on an excursion into the swamp, where many of the sightings occurred.

This is when Jordan makes a startling discovery: not only is the Skunk Ape real, but Eldon is an elite member of a secret society of Creature Keepers—humans assigned to protect a variety of mythical beasts. And when they discover that the Loch Ness Monster has gone missing, it kick-starts a fast-paced, funny, and totally original race across the globe to restore order and balance to the world.
