Across the ancient world, it was known: a mysterious island that was the center of a Mystery tradition so secret that even today, we have only clues about it. Ancient Greek myths, myths older than Greece, a mountain whose peak is often shrouded in clouds, and a pagan sanctuary so archaic it probably dates to when the island was part of a mainland. Join Arthur Versluis on a journey to Samothrace and beyond as he investigates archaic European symbolism, myth, and mysteries, and uncovers clues to the secret religious traditions of indigenous Europe.
