In this book, Shlomo Ben-Hur demonstrates how corporate learning can and should have an integral, strategic, role in a company. Based on firsthand experience, Ben-Hur provides a practical guide to setting up or restructuring a corporate learning function within a company, covering its seven key activities. He identifies and elucidates the key decision points in this process. But *The Business of Corporate Learning* is much more than a 'how-to' guide. For the first time, this book sheds light on the reasons for success or failure in the strategic deployment of corporate learning.
