Conversations with Ghosts Alex Tanous, Callum E. Cooper

Dr Alex Tanous was a prolific scholar and acclaimed psychic of the latter part of the twentieth century. Having created quite a career for himself internationally, and commanding a great deal of respect amongst scholars and the general public, he spent nearly twenty years as an active researcher, and research participant, for the American Society for Psychical Research. He reached an untimely end in 1990, but established the Alex Tanous Foundation for Scientific Research shortly before his death to preserve his memory and share his research and teachings. "Conversations with Ghosts" was an idea for a fourth book for Dr Tanous, and it was intended to be written by Dr Karlis Osis and himself, outlining their various investigations of ghostly phenomena while working with the American Society for Psychical Research. The existing short manuscript - of no more than a couple of chapters - was archived by the Alex Tanous Foundation for Scientific Research, and left incomplete. Now, thanks to the Foundation's support, the book has finally been completed using additional notes and writings of Dr Tanous, and interviews that were conducted with him on his thoughts and theories into ghosts and conscious survival beyond death. Additionally, this book provides not only a first-hand insight into the Tanous/Osis investigations, but also draws on people's personal experiences with Dr Tanous during his various explorations of ghosts and hauntings. This is a rare insight into the work and mind of a psychic psychical researcher.
