After seven months as a captive of Minerva, the insane Alpha queen, Lyric Walker has escaped to the surface. Her only goal is to warn the world about the Great Abyss. But she soon discovers that an old enemy allied with an old friend may kill them all before the monsters get their turn.

As a college student, I exactly feel bored with reading. If their teacher asked them to go to the library or make a summary for some publication, they are complained. Just minor students that have reading's spirit or real leisure activity. They just do what the professor wants, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful images on there. Yeah, it is to get complicated.
