As a scholar, I exactly feel bored to help reading. If their teacher expected them to go to the library or to make a summary for some guide, they are complained. Just very little students that have reading's soul or really their

interest. They just do what the professor want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that reading is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you personally.
