The Vital Law of True Life, True Greatness, Power, and Happiness Ralph Waldo Trine

How can I make life yield its fullest and best? How can I know the true secret of power? How can I attain to a true and lasting greatness? How can I fill the whole of life with a happiness, a peace, a joy, a satisfaction that is ever rich and abiding, that ever increases, never diminishes, that imparts to it a sparkle that never loses its lustre, that ever fascinates, never wearies?

No questions, perhaps, in this form or in that have been asked oftener than these. Millions in the past have asked them. Millions are asking them today. They will be asked by millions yet unborn. Is there an answer, a true and safe one for the millions who are eagerly and longingly seeking for it in all parts of the world today, and for the millions yet unborn who will as eagerly strive to find it as the years come and go? Are you interested, my dear reader, in the answer? The fact that you have read even thus far in this little volume whose title has led you to take it up, indicates that you are,—that you are but one of the innumerable company already mentioned.

It is but another way of asking that great question that has come through all the ages—What is the summum bonum in life? and there have been countless numbers who gladly would have given all they possessed to have had the true and satisfactory answer. Can we then find this answer, true and satisfactory to ourselves, surely the brief time spent together must be counted as the most precious and valuable of life itself. There is an answer: follow closely, and that our findings may be the more conclusive, take issue with me at every step if you choose, but tell me finally if it is not true and satisfactory.
