Building Websites with Mambo Hagen Graf

This book focuses on taking you through the essential tasks to create a Mambo site as fast as possible. These essential tasks are explained clearly, with well structured step by step instructions. The book does not aim to cover every feature of Mambo, nor is it a comprehensive guide to extending Mambo. Almost everything in the book is accomplished without recourse to the underlying PHP code in which Mambo is written. The book is very readable and the author has a particularly chatty and engaging writing style. This book is suitable for web developers, designers, webmasters, content editors and marketing professionals who want develop a fully featured web presence in a simple and straightforward process. It does not require any detailed knowledge of programming or web development, and any IT confident individual will be able to use the book to produce an impressive web site.
