La cocina con disco de arado (Spanish Edition) Eduardo Casalins

El disco de arado es un maravilloso utensilio para cocinar, un invento argentino que permite preparar infinidad de recetas de todo tipo: platos criollos, platos internacionales (donde se receptionan las influencias de la inmigración y los distintos aportes a nuestra gastronomía) y frituras (un modo de cocción muy popular en el campo, gracias a la profusa utlización de la grasa vacuna para tal fin), por lo que podemos afirmar que no hay excusas para perdernos la posibilidad de disfrutar el placer de cocinar al aire libre.
