Seance: Albert Von Keller and the Occult

The Swiss-born artist Albert von Keller (1844-1920) was a founding member of the Munich Secession, one of Europe's most influential artists' associations. Highly regarded as an artist in both Europe and America at the turn of the last century, Keller was a flamboyant figure known for his fascination with the occult.

Jo-Anne Birnie Danzker places Keller's modern treatment of enigmatic subjects within the cultural milieu of fin de siècle Germany, particularly the investigation of the occult undertaken by scientists, artists and intellectuals. She also documents for the first time the critical reception to Keller's work in America, tracing the artist's participation in exhibitions in Boston, Chicago, Indianapolis, New York, and Saint Louis and his presence in important private collections of German art in America. Swiss art historian Gian Casper Bott examines each painting by Keller in depth and places the artist's works in the art-historical context of the era. The book includes magnificent color reproductions of Keller's paintings from the collection of the Kunsthaus Zurich. It includes key works by Keller from the late 1870s to the beginning of the First World War, a period that coincided with the scandal of his elopement with the beautiful banker's daughter Irene von Eichthal, the tragic death of his only child, and the death of his wife only months later in a state of profound grief.
