Designing Menus with DVD Studio Pro (DV Expert Series) John Skidgel
Compared to other technologies like the television, VCR, and even personal computer, the rapid pace of
DVD adoption is unprecedented. This information-packed book offers thorough instruction on how to build
appealing DVD menus using the DVD Studio Pro toolset, a sophisticated, professional-level DVD authoring
tool from Apple. The book features real-world tutorial projects that demonstrate how to get fast, professional
results, add Hollywood features to a DVD, and streamline production while maintaining a creative edge. It
also shows how to create a wide variety of menu styles, automate image production, customize menus,
construct seamless motion menus, and much more. Written by two graphic designers with years of
experience designing interfaces, Designing Menus with DVD Studio Pro is an informative companion to a
high-powered piece of software.
