In Search of the Loving God: Resolving the Past Traumas of Christianity, and Bringing to Light Its Healing Spirit Mark Mason

This readable, well researched, book examines why Christianity is stagnating when there is such a hunger for the spiritual in our society. It gives the insight into the church needed to overcome the guilt and fear of God Christianity has instilled in us, it shows how to build a personal relationship with the loving God through meditation, and concludes with a simple but effective meditation technique all can use. The first part of the book takes a fresh, incisive, look at the history of Christianity and the development of the Bible -- information you need to know in order to understand the religion which so extensively underpins our society and culture. The second part examines some of the issues which are bringing Christianity into disrepute, and suggests reforms which could, finally, bring the religion centered on Jesus into line with the teachings of Jesus. This book can liberate you from the guilt you grew up with, and the underlying fear that maybe you just might end up in everlasting punishment in hell. And it can show you how to find God's love.
