## **La quiete del glicine (Italian Edition)** Davide Costamagna

Quietenova: un villaggio anonimo, perso nel tempo e all'apparenza pacifico come un bue, si scopre un covo di sediziosi dediti alla stampa clandestina, agli intrighi e ai tentativi di insurrezione. La colpa di tutto ciò – o forse si tratta solo di un'illusione – è dei libri messi a stampa da una tipografia sgangherata e di quella pergola di glicine rabberciata nel bel mezzo della piazza, che sembra attirare banditi e lestofanti da ogni dove. Al centro della bufera che stravolge la vita di questo strano paese ci sono un torcoliere spregiudicato, un prete visionario, un maestro dal passato vergognoso, un politico che si vota alle scienze naturali, un medico che si dà alla sociologia eversiva e due famiglie rivali che si contendono il primato sul borgo. Sullo sfondo, le vicende di un vetraio affetto da nevrosi e ossessionato dal confronto con i capolavori di Leopold e Rudolf Blaschka, due geni dell'arte vetraria. Le idee, che fuggono alla chetichella dalla tipografia insieme ai volumi editi, contageranno Quietenova e non solo, lasciando i personaggi nel dubbio che sia stata proprio la loro attività tipografica a determinare i grandi fatti della storia.
