Lucifer Rising unravels for the first time the myths surrounding the most surreal yet, ultimately, seriously-intended secret operations of the Second World War when Britain stood alone against the Nazis. Featuring an eccentric cast of characters, including the creator of James Bond, the self-proclaimed 'wickedest man in the world', a cross-dressing astrologer and the Deputy Fuhrer, bestselling author Nicholas Booth weaves together an incredible narrative about spying, sabotage, weird inventions, black propaganda and even the attempted harnessing of the occult as the British secret service sought desperately to gain the upper hand over the Nazis by whatever means possible. Using hitherto secret files - many only recently released - Lucifer Rising shows how nothing was considered too outrageous in the desperate fight against the Nazi regime, including the attempted manipulation of the occult and astrology with often unintentionally hilarious results.
