America does not need an “upgrade.” For years the Right has been tampering with one of the best political operating systems ever designed. The result has been economic and environmental disaster. In this hard-hitting new book, nationally syndicated radio and television host and bestselling author Thom Hartmann outlines eleven common-sense proposals, deeply rooted in America’s history, that will once again make America strong and Americans—not corporations and billionaires—prosperous. Some of these ideas will be controversial to both the Left and the Right, but the litmus test for each is not political correctness but whether or not it serves to revitalize this country we all love and make life better for its citizens.
