Robertson on Library Security and Disaster Planning (Chandos Information Professional Series) Guy Robertson

Robertson on Library Security and Disaster Planning presents a collection of highly-cited, author published articles on security and disaster planning for libraries.

The book represents the only place where these articles are compiled, making it a go-to volume for practitioners. It includes topics covering all aspects of preparation and response, along with articles drawn from library journals, including *Feliciter*, *Canadian Insurance*, *Disaster Recovery Journal*, and *Canadian Bookseller*.

The book represents a wealth of the author's experience and expertise garnered during a distinguished career working with significant institutions on both their current security problems and their plans for future security.

- Offers a unique and valuable collection of the author's articles on library security and disaster planning
- Accompanies, and complements, Disaster Planning for Libraries, a second title by the author
- Presents a range of security and disaster planning topics in an accessible, narrative style
- Represents the only resource that contains such a broad range of security and disaster planning topics
