## **Verses and Meditation (Classic Translation)** Rudolf Steiner

Featuring over 90 of Rudolf Steiner's best-loved verses and meditations, this volume collects a range of material on various themes, such as working with spiritual beings, connecting with loved ones who have passed over, developing selfhood, and celebrating festivals and seasons. Countless people have worked with these meditations over the decades and can testify to their power, as well as the strength and comfort they offer the meditator. Although various translations from the German exist for many of the verses, George and Mary Adams's renderings can truly be said to be 'classic', and are the most widely used within the English-speaking anthroposophical movement that has grown up around Steiner's work. George Adams acted as Rudolf Steiner's personal interpreter when he lectured in Britain, and thus developed an intuitive understanding of Steiner's deepest impulses connected to esoteric work. Those who know these verses will be delighted that they are available again, while those who approach them for the first time will discover a treasure of wisdom as well as abundant tools for personal transformation. This edition also features the original German texts where applicable.
