Barbara Rogers

The Domestication of Women: Discrimination in Developing Societies Barbara Rogers

"*The Domestication of Women* is a feminist critique of international development agencies and programs. A researcher in development studies with past experience as a United Nations consultant, Barbara Rogers writes with a note of outrage about the pervasive biases against women that lead to wasteful and destructive bungling on the part of Western and Westernized men who dominate the field of development planning."

- Amy Burce (Stanford University), *Signs*
