Stars and Their Purpose: Understanding the Origin of Earth's "Nightlights" Werner Gitt

"To my mind, scientific findings and biblical affirmations are inseparable. It is a tragic fact of history that these two approaches have diverged and become separated." -From the Introduction

Did you know that there are 200 billion stars in our galaxy alone? And that according to current data, there are at least 100 million galaxies in existence? The sheer number of stars in the universe attests to the awesomeness of God's creation. The purpose and features of stars are discussed in this exciting and fascinating book by Dr. Werner Gitt. Learn about topics such as:

- How are stars different from each other?
- How big is the universe?
- Why did God create the stars?
- Surprising facts about the sun and moon.
- How and when do solar eclipses happen?
