Divorce Is in the Air: A novel Gonzalo Torne

The American debut of a highly acclaimed young Spanish writer: a darkly funny, acerbic novel about love--and the end of love--and how hard it can be to let go.

There's a lot about Joan-Marc that his estranged second wife doesn't know--but which he now sets out to tell her. He begins with the failure of his first marriage to an American woman named Helen, describing a vacation they took in a last-ditch attempt to salvage their once-passionate romance. The recollection of this ill-fated trip triggers in him a series of flashbacks through which he narrates his life story, hopscotching between Barcelona and Madrid. Starting from pivotal moments in his childhood--his earliest sexual encounters, his father's suicide, his mother's emotional decline--he moves through the years to the origin of his relationship with Helen and the circumstances surrounding its deterioration. The result is a provocative exploration of memory, nostalgia, romance, the ways in which the past takes hold--a powerful portrait of a man struggling with his illusions about life and love.
