Fasting For The Cure of Disease Dr. Linda Burfield Hazzard

'Fasting For The Cure of Disease' was originally published as a distributable work to assist those individuals who were seeking out new ways to heal themselves of whatever malady (perceived or otherwise) they were afflicted with. What it became in the end, sadly, was something quite the opposite in nature. The work garnered both national and international attention, and led to the starvation - and murder - of individuals in the care of Dr. Hazzard at her Wilderness Heights facility in Olalla, Washington. Following the scandal that ensued, Dr. Hazzard continued to be a staunch proponent of her beliefs. In fact she was so convinced of their merits that she ultimately perished in 1938 while conducting a fasting regimen upon herself. This book is a faithful reproduction of the text of Dr. Hazzard's original work.
