iPhone: The Missing Manual David Pogue

As you'd expect of Apple, the iPhone is gorgeous. iPhone: The Missing Manual is a book as breathtaking as its subject. Teeming with high-quality color graphics, each custom designed page helps you accomplish specific tasks -- everything from Web browsing to watching videos. Written by New York Times columnist and Missing Manual series creator David Pogue, this book shows you how to get the most out of your new Apple iPhone.

The name iPhone may be doing Apple a disservice. This machine is so packed with possibilities that the cellphone may actually be the least interesting part. The iPhone is at least three products merged into one: a phone, a wide-screen iPod and a wireless, touch-screen Internet communicator. The iPhone's beauty alone may be enough for you to dig for your credit cards, but its Mac OS X-based software makes it not so much a smartphone as something out of the film "Minority Report."

The real magic, however, awaits when you browse the Web. You get to see the entire Web page on the iPhone's screen. All of this is cooked up with Apple's traditional secret sauce of simplicity, intelligence and whimsy.

Written by New York Times columnist and Missing Manual series creator David Pogue, iPhone: The Missing Manual shows you everything they need to know to get the most out of your new Apple iPhone. Full of humor, tips, tricks, and surprises, this book teaches you how to extend iPhone's usefulness by exploiting its links to the Web as well as its connection to Macs or PCs; how to save money using Internet-based messages instead of phone calls; and how to fill the iPhone with TV shows and DVDs for free.

From reader reviews:

Deborah Green:

The reason why? Because this iPhone: The Missing Manual is an unordinary book that the inside of the guide waiting for you to snap it but latter it will zap you with the secret the idea inside. Reading this book close to it was fantastic author who else write the book in such remarkable way makes the content interior easier to understand, entertaining technique but still convey the meaning thoroughly. So , it is good for you for not hesitating having this ever again or you going to regret it. This unique book will give you a lot of positive aspects than the other book have got such as help improving your ability and your critical thinking approach. So , still want to postpone having that book? If I ended up you I will go to the e-book store hurriedly.

Melvin Groth:

Reading can called head hangout, why? Because if you are reading a book specifically book entitled iPhone: The Missing Manual your head will drift away trough every dimension, wandering in each aspect that maybe not known for but surely will become your mind friends. Imaging each word written in a publication then become one web form conclusion and explanation this maybe you never get ahead of. The iPhone: The Missing Manual giving you a different experience more than blown away the mind but also giving you useful data for your better life on this era. So now let us teach you the relaxing pattern the following is your body and mind will be pleased when you are finished reading it, like winning a casino game. Do you want to try this extraordinary wasting spare time activity?

Chad Wood:

Reading a book to be new life style in this calendar year; every people loves to read a book. When you examine a book you can get a great deal of benefit. When you read publications, you can improve your knowledge, since book has a lot of information on it. The information that you will get depend on what types of book that you have read. If you wish to get information about your analysis, you can read education books, but if you act like you want to entertain yourself you are able to a fiction books, this kind of us novel, comics, in addition to soon. The iPhone: The Missing Manual will give you new experience in reading through a book.

Patricia Coulter:

You can spend your free time to see this book this guide. This iPhone: The Missing Manual is simple bringing you can read it in the area, in the beach, train and also soon. If you did not include much space to bring typically the printed book, you can buy the actual e-book. It is make you much easier to read it. You can save the actual book in your smart phone. Consequently there are a lot of benefits that you will get when you buy this book.
