Cyber Cities

M. Christine Boyer

Cyber Cities M. Christine Boyer

In these polemical essays, urban historian M. Christine Boyer argues that the computer is to contemporary society what the machine was to modernism, and that this metaphor profoundly affects the way we ultimately grasp reality. But there is, she believes, an inherent danger here: as cyberspace pulls us into its electronic grasp, we withdraw from the world and risk becoming incapable of action in a real city plagued by crime, hatred, disease, unemployment, and under-education. Boyer examines cyberspace, virtual reality, disembodiment, and cyborgs, drawing on a wide range of sources from Walter Benjamin to William Gibson. In the end, she issues a clarion call to reinstate a social agenda in the midst of these technological innovations. "CyberCities is a provocative new book of essays in which Boyer stands against the outpouring of enthusiasm over our predigested, reconfigured, digital world". -- Public Art Review

From reader reviews:

Brandon Harmon:

Reading a reserve can be one of a lot of pastime that everyone in the world enjoys. Do you like reading book therefore. There are a lot of reasons why people enjoyed. First reading a e-book will give you a lot of new data. When you read a book you will get new information mainly because book is one of many ways to share the information or their idea. Second, examining a book will make an individual more imaginative. When you reading a book especially hype book the author will bring you to imagine the story how the character types do it anything. Third, you are able to share your knowledge to other people. When you read this Cyber Cities, you may tells your family, friends as well as soon about yours book. Your knowledge can inspire the mediocre, make them reading a guide.

Grady Long:

Reading a publication tends to be new life style in this particular era globalization. With studying you can get a lot of information that may give you benefit in your life. Together with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. Many author can inspire their particular reader with their story or their experience. Not only the storyline that share in the ebooks. But also they write about the data about something that you need illustration. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that exist now. The authors on earth always try to improve their skill in writing, they also doing some exploration before they write to their book. One of them is this Cyber Cities.

Mark Bottoms:

Playing with family inside a park, coming to see the sea world or hanging out with close friends is thing that usually you could have done when you have spare time, and then why you don't try factor that really opposite from that. 1 activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Cyber Cities, you can enjoy both. It is very good combination right, you still need to miss it? What kind of hangout type is it? Oh can happen its mind hangout guys. What? Still don't get it, oh come on its known as reading friends.

Josephine Widman:

You are able to spend your free time to see this book this guide. This Cyber Cities is simple to create you can read it in the park, in the beach, train and soon. If you did not include much space to bring often the printed book, you can buy often the e-book. It is make you easier to read it. You can save typically the book in your smart phone. Thus there are a lot of benefits that you will get when you buy this book.
