Stories of Sickness Howard Brody

Our personalities and our identities are intimately bound up with the stories that we tell to organize and to make sense of our lives. To understand the human meaning of illness, we therefore must turn to the stories we tell about illness, suffering, and medical care. *Stories of Sickness* explores the many dimensions of what illness means to the sufferers and to those around them, drawing on depictions of illness in great works of literature and in non-fiction accounts. The exploration is primarily philosophical but incorporates approaches from literature and from the medical social sciences. When it was first published in 1987, *Stories of Sickness* helped to inaugurate a renewed interest in the importance of narrative studies in health care. For the *Second Edition* the text has been thoroughly revised and significantly expanded. Four almost entirely new chapters have been added on the nature, complexities, and rigor of narrative ethics and how it is carried out. There is also an additional chapter on maladaptive ways of being sick that deals in greater depth with disability issues. Health care professionals, students of medicine and bioethics, and ordinary people coping with illness, no less than scholars in the health care humanities and social sciences, will find much of value in this volume.

Unique Features:

- *Philosophically sophisticated yet clearly written and easily accessible
- *Interdisciplinary approach--combines philosophy, literature, health care, social sciences
- *Contains many fascinating stories and vignettes of illness drawn from both fiction and nonfiction
- *A new and comprehensive overview of the "hot topic" of narrative ethics in medicine and health care

From reader reviews:

Jeffrey Brill:

A lot of people always spent all their free time to vacation or perhaps go to the outside with them family members or their friend. Are you aware? Many a lot of people spent many people free time just watching TV, or perhaps playing video games all day long. If you would like try to find a new activity this is look different you can read the book. It is really fun for yourself. If you enjoy the book that you simply read you can spent the entire day to reading a reserve. The book Stories of Sickness it is quite good to read. There are a lot of people who recommended this book. We were holding enjoying reading this book. When you did not have enough space to create this book you can buy typically the e-book. You can m0ore very easily to read this book out of your smart phone. The price is not to cover but this book has high quality.

Scott Hagen:

Can you one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Try to pick one book that you never know the inside because don't assess book by its handle may doesn't work here is difficult job because you are scared that the inside maybe not as fantastic as in the outside seem likes. Maybe you answer might be Stories of Sickness why because the great cover that make you consider about the content will not disappoint an individual. The inside or content will be fantastic as the outside or even cover. Your reading sixth sense will directly direct you to pick up this book.

Wendy Ray:

As we know that book is significant thing to add our information for everything. By a book we can know everything we would like. A book is a group of written, printed, illustrated or maybe blank sheet. Every year was exactly added. This e-book Stories of Sickness was filled in relation to science. Spend your free time to add your knowledge about your research competence. Some people has various feel when they reading a book. If you know how big good thing about a book, you can truly feel enjoy to read a reserve. In the modern era like today, many ways to get book that you wanted.

James Hanson:

A lot of reserve has printed but it differs. You can get it by internet on social media. You can choose the very best book for you, science, amusing, novel, or whatever by searching from it. It is called of book Stories of Sickness. You can add your knowledge by it. Without making the printed book, it could add your knowledge and make you happier to read. It is most significant that, you must aware about publication. It can bring you from one destination to other place.
