Action For Social Justice In Education Morwenna Griffiths

Social justice is a verb. This book puts forward a view of social justice as action orientated rather than as a static theory. Complex discussions of difference, equality, recognition, and redistribution are made accessible and relevant to issues of class, race, gender, sexuality and disability. Interwoven with the discussion are compelling individual accounts of the pleasures and pains, the pitfalls and glittering prizes to be found in education - told by individuals coming from a diversity of social, economic, and ethnic backgrounds.
