Business Continuity Planning: Protecting Your Organization's Life (Best Practices)

Business Continuity Planning: Protecting Your Organization's Life (Best Practices)

Once considered a luxury, a business continuity plan has become a necessity. Many companies are required to have one by law. Others have implemented them to protect themselves from liability, and some have adopted them after a disaster or after a near miss. Whatever your reason, the right continuity plan is essential to your organization. Business Continuity Planning: Protecting Your Organization's Life explains how to evaluate your current plan for completeness, create an effective plan if you don't have one, and ensure it remains up-to-date.

From fires, floods, and power outages to hackers and software problems, companies need to protect against a variety of threats. Business Continuity Planning: Protecting Your Organization's Life takes a best practices approach to provide a comprehensive continuity solution. It details how to build a plan to handle business disruptions, keep vital operations up and running, and prevent losses that occur when business is crippled or security is compromised.
