My Inventions and Other Writings Nikola Tesla

"My Inventions and Other Writings" is a candid and illuminating autobiography of Nikola Tesla (1856-1943), one of the most important technological innovators of the modern industrial age. Famous for the radio, robotics, and wireless energy, Tesla quickly gained international notoriety for his pioneering inventions as much for his eccentric life. Perhaps no one in his day more thoroughly embodied the archetype of the "mad scientist". This firsthand account reveals the fascinating interior life of a genius. In it we see a prodigious man musing over the Tesla coil, magnifying transmitter, transformer, and the rotating magnetic field. Written by the brilliant inventor himself, "My Inventions and Other Writings" is a fascinating window into the principles and practices of Tesla's singular world. Tesla's public rivalry with Thomas Edison, with whom he worked early on, fueled his celebrity. Here we witness the art and science behind the conception, execution, and reception of Tesla's most fame inventions. "My Inventions" is a classic with appeal to Tesla fans, science buffs, and historians alike.

From reader reviews:

Rosemary Taylor:

Would you one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Attempt to pick one book that you never know the inside because don't judge book by its handle may doesn't work the following is difficult job because you are frightened that the inside maybe not because fantastic as in the outside appear likes. Maybe you answer can be My Inventions and Other Writings why because the fantastic cover that make you consider about the content will not disappoint a person. The inside or content will be fantastic as the outside as well as cover. Your reading sixth sense will directly guide you to pick up this book.

Norris Patterson:

Reading a book to become new life style in this yr; every people loves to examine a book. When you examine a book you can get a wide range of benefit. When you read books, you can improve your knowledge, simply because book has a lot of information into it. The information that you will get depend on what sorts of book that you have read. If you would like get information about your analysis, you can read education books, but if you want to entertain yourself read a fiction books, this sort of us novel, comics, and soon. The My Inventions and Other Writings will give you new experience in reading through a book.

Lela Koehn:

That e-book can make you to feel relax. This particular book My Inventions and Other Writings was bright colored and of course has pictures on there. As we know that book My Inventions and Other Writings has many kinds or style. Start from kids until adolescents. For example Naruto or Detective Conan you can read and believe you are the character on there. Therefore not at all of book are usually make you bored, any it offers you feel happy, fun and relax. Try to choose the best book to suit your needs and try to like reading this.

Marcella Aragon:

As a college student exactly feel bored to be able to reading. If their teacher expected them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that reading is not important, boring in addition to can't see colorful photos on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this My Inventions and Other Writings can make you experience more interested to read.
