## Sexuality and Equality Law (The Library of Essays on Equality and Anti-Discrimination Law)

Sexual rules and regulations are among society's oldest yet it is only in recent decades that this once-stigmatized field has become the focus of scholarly attention. This volume, which includes some of the most thought-provoking and hard-to-find essays in the field, covers a diverse range of topics from sexual orientation and gender identity to intersexuality and commercial sex, and from HIV/AIDS and trafficking to polygamy. Through historical, political and critical-theoretical lenses, and through a global focus, the selections ask how we conceptualize the groups and acts subjected to sexual regulation and how regulations in the field implicate and produce understandings of sexuality and identity. By placing this variety of works together, *Sexuality and Equality Law* invites fresh insights into commonalities and synergies across regulatory arenas that are often isolated from one another. The volume's introduction situates all of these works in the broader field and offers readers an extensive bibliography.
