Jay and Sandra are back—fighting to save a world on the edge of destruction.

In the middle of a bizarre global catastrophe that looks suspiciously like the mother of all timesplashes, Sandra Malone discovers that the corporation she works for is spying on her. To find out why, she sets off to track down the culprits. What she discovers catapults Sandra, her daughter, and everyone around her into a deadly struggle to prevent a disaster.

Now working in European Military Intelligence in Berlin, Jay Kennedy begins to suspect that the shock that hit the world was something more sinister and dangerous than even a timesplash. In the midst of the chaos that has engulfed the world, Jay learns that Sandra is in danger and that their daughter has gone after her. This turn of events threatens to distract him from solving a puzzle on which the fate of the whole world might hang.

With time running out, Jay is torn between the possibility of losing Sandra, and the desperate need to stop a new kind of time-travel technology that could destroy the planet.
