The Trusted Executive helps leaders create a strategy for building trust in a globalized, technology-enabled, diverse and increasingly sceptical world.

Through innovative coaching exercises, self-assessment exercises, inspirational interviews with international CEOs and underpinned by rigorous academic research, *The Trusted Executive* gives leaders the tools to build trust through three key pillars: ability, integrity and benevolence. Underpinning these pillars lie nine habits of trustworthiness; habits that will enable executives to deliver outstanding results, inspiring relationships and a positive contribution to society. With tools for measuring and developing leadership trust and focused strategies for handling trust violations, *The Trusted Executive* takes account of the ever-changing, increasingly diverse and multi-generational work environment. An essential tool for leaders who want to create a positive long-term legacy.
