A cosmic adventure in the spirit of *The Celestine Prophecy*, this prequel to the *Worlds Beyond* Quartet takes readers on a provocative journey through time and the cosmos. At a difficult time in his life, naturalist Michael J. Roads consciousness split into two distinct parts. His physical self remained in known reality, recording the experiences of his spiritual self, which moved through an interdimensional doorway into a timeless realm.

In this universal state of no-time and all-time, Roads sees humanity split into many streams of expression and views possible future realities. He hears the beings from different galaxies and eras.
