Red Jihad: Moscow's Final Solution for America and Israel is the latest book from America's Survival, Inc. (ASI) that examines Soviet/Russian strategy. The book argues that the Soviet/Russian roots of international terrorism are behind ISIS, the Islamic State. It cites substantial evidence of Russian involvement with the Jihadists who are increasingly targeting Europe and the United States. This book is designed to help understand Russia's dialectical maneuvers that involve ISIS, China, North Korea, Iran, Syria, and other countries and conflicts. "Understanding what lies behind the 'Red Jihad' is essential to national survival," argues co-author Cliff Kincaid, president of ASI. The key to understanding what has happened lies in the fact that Russian President Vladimir Putin is a former Soviet KGB colonel and his regime is based on the remnants of the old Soviet Union, including its military and intelligence establishment. The reorganization of the old Soviet Union has confused many in the West. Putin continues to use the dialectical approach to world events employed by Marxist-Leninists that manipulates both sides of a conflict. The chapter, "Barack Obama: Marxist/Muslim Mole," continues the groundbreaking research undertaken by ASI in 2008 that led to the exposure of Obama's relationship with his communist mentor Frank Marshall Davis. Kincaid argues that Obama's Marxism has trumped his Muslim sympathies and explains his approach to global affairs. Red Jihad: Moscow's Final Solution for America and Israel also examines Russia's nuclear weapons modernization program, threats to incinerate America, and penetration of the West through espionage operations and agents of influence. Co-author J.R. Nyquist devotes his section of the book to the "collapse" of the Soviet Union and Russia's geopolitical strategy to defeat and destroy the West. As the book shows, Israel is also a major target. Israeli Prime Minister Benjamin Netanyahu understands the Soviet roots of international terrorism and the threat to Israel. He has spoken of the "poisonous tree" that has given rise to groups like ISIS and Hamas. In fact, as Netanyahu knows and as this book demonstrates, modern-day Islamic terrorism grew out of the communist networks and Arab regimes that the Soviets sponsored. The "poisonous tree" can still be found in Moscow.
