Cómo vencer el cáncer (Divulgacion Cientifica) (Spanish Edition)

Juan Rafael de la Haba Rodríguez

Cómo vencer el cáncer (Divulgacion Cientifica) (Spanish Edition) Juan Rafael de la Haba Rodríguez

La palabra "cáncer" arrastra todavía un halo de fatalidad, como un presagio de muerte irremisible y a corto plazo, fruto de su acusada incidencia y de los escasos logros del pasado en el combate librado para erradicar la enfermedad. Sin embargo, en la actualidad la situación ha variado considerablemente. Los tratamientos han evolucionado de modo muy favorable en los últimos años, y son ya infinidad de personas en todo el mundo las que han logrado sortear el diagnóstico mortal asociado al término, disfrutando de una calidad de vida más que aceptable y conjurando los augurios más alarmistas de otro tiempo. Juan de la Haba, oncólogo de enorme prestigio a nivel internacional a pesar de su juventud, nos brinda una perspectiva distinta de una realidad sobre la que pesan aún demasiados tópicos, generalmente dañinos. Cuenta para ello con el muy valioso testimonio de pacientes que se sinceran en estas páginas con él y con el propio lector, trasladando una visión tan veraz como cargada de esperanza. Un libro insólito e imprescindible, cuyo alcance práctico va más allá de las palabras.
