Historical Dictionary of Canada (Historical Dictionaries of the Americas)

Barry M. Gough

Historical Dictionary of Canada (Historical Dictionaries of the Americas) Barry M. Gough

Once on the margins of European empires, notably those of France, England and Spain, then a focus of international rivalries and wars during the 18th century, Canada is now a nation that is front and center in the world's affairs. Canada's emergence as a modern industrial nation and a key player in the resource, commodities, and financial institutions that make up today's world shows many aspects of what ex-colonial powers have gone through—except that compromise and reform rather than revolution and revolt have been the cardinal historical features. The second edition of the Historical Dictionary of Canada greatly expands on the first edition through a chronology, an introductory essay, a bibliography, and over 500 cross-referenced dictionary entries on important persons, places, events, and institutions, as well as on significant political, economic, social, and cultural aspects. This book is an essential guide to the history of Canada.
